Projects

Isla Vista Housing Search

Isla Vista, CA

UC SANTA BARBARA

Mar. 2020 - Jun. 2020

Web application designed to facilitate the housing search process in Isla Vista.

- Allowed users looking to find potential sublease tenants to login and post house listings
- Allowed users looking to find housing to filter and sort available housing according to price, size, and location preferences
- Maintained a MongoDB database to manage and store housing data
- Integrated with Mapbox API to visually compare housing listings
- Developed in a team of five, utilized GitHub for collaborative programming using Git, project organization, and project management
- Built with JavaScript, HTML/CSS, React, Next.js, Node.js

Front-End Web Development Online Course

Santa Barbara, CA

THE ODIN PROJECT

Jun. 2020 - Sep. 2020

A roughly 500 hour long intensive online course in front-end web development, JavaScript, HTML, and CSS.

- Covered in-depth JavaScript, HTML, and CSS, as well as website deployment, Git, and using developer tools
- Took this course in order to obtain a thorough knowledge of Vanilla JavaScript and UI design (despite having previous experience with React)
- Was able to become proficient in front-end web development, and JavaScript, HTML, and CSS
- Coursework involved over 10 web development projects including landing pages for hypothetical companies, JavaScript games complete with user interfaces, various in-browser JavaScript utility applications

Responsive Web Design Online Course/Certification

Santa Barbara, CA

FREECODECAMP

Aug. 2020 - Sep. 2020

A roughly 300 hour long online course in HTML and CSS (more in-depth into HTML and CSS than The Odin Project).

- Search Engine Optimization and accessibility practices using HTML and HTML5
- Advanced visual design with CSS, CSS animation and graphic creation
- Complex webpage layouts with CSS Grid, dynamic and responsive webpage layouts with CSS Flexbox
- Coursework involved 5 webpage projects including a tribute webpage, a survey form, a product landing page, a technical documentation page, and a personal portfolio webpage
